## Chemcut to Exhibit at FLEX 2022

**Chemcut Corporation**, the United States' leading manufacturer and supplier of Wet Processing Equipment, announces that they will be exhibiting at this year's FLEX Conference & Exhibition 2022, booth 4103. FLEX is co-located with SEMICON West July 11-14, 2022, at Moscone Center, San Francisco, CA.

Chemcut Corporation, founded in 1956, was the original developer of spray etching, a technique that made the chemical etching process practical for volume, as well as prototype production. Chemcut offers a complete line of spray etchers, developers, strippers, waste treatment systems, and auxiliary equipment. More than 15,000 Chemcut units are currently in operation around the world.
